

## Measles: Updates and Challenges

### Emory University Resources:

- Session Resources
  - Post session resources (podcast of webinar, presentation slides, responses to unanswered questions) can be found on our website
    - <https://scdp.emory.edu/programs/echo-program/resources.html>
- Region 4 Situation Report
  - <https://scdp.emory.edu/resources/covid-19/situation-report.html>
- Register for upcoming sessions on our website
  - <https://scdp.emory.edu/programs/echo-program/echo-sessions.html>
- Region IV Concept of Operations (CONOPS) - Regional Partners and Contacts
  - <https://netec.org/about-netec/partners-regional-contacts/#regional-contacts>
- NETEC
  - <https://netec.org/>
- NETEC – National Special Pathogens System of Care (NSPS)
  - <https://netec.org/nsps/>

### General External Resources:

Disclaimer - Our program provides additional resources that may be of use to our session attendees. This list is not inclusive, nor does our program endorse specific organizations.

- Healthmap.org (Location based alerts)
- Center for Infectious Disease Research and Policy (CIDRAP), University of Minnesota (UNM)
- The University of Nebraska Medical Center (UNMC) - Global Center for Health Security: The Transmission
- Global Biodefense
- CDC – Division of High-Consequence Pathogens and Pathology
- Georgia Department of Public Health – Travel Clinical Assistant (TCA)
  - <https://dph.georgia.gov/TravelClinicalAssistant>
- ProMED – International Society for Infectious Diseases

### Session Resources:

- Health Basics: Measles
  - <https://nam.edu/product/measles-health-basics/>
- Georgia Department of Public Health: Measles
  - <https://dph.georgia.gov/epidemiology/acute-disease-epidemiology/vaccine-preventable-diseases/measles>

- Vaccine studies that have found no links to autism
  - <https://www.immunize.org/wp-content/uploads/catg.d/p4026.pdf>
- Identify, Isolate, Inform Tip Sheet
  - <https://repository.netecweb.org/items/show/1869>
- Vaccine Safety: Myths and Misinformation
  - <https://pmc.ncbi.nlm.nih.gov/articles/PMC7090020/>

#### Session Reminders:

- Georgia Department of Public Health 24/7 Emergency Line
  - It is crucial to contact 866-PUB-HLTH (866-782-4584) the moment Measles is suspected.
  - NOTE: Other states should contact their local health department for additional resources and guidance
- Implementing processes to identify measles upon arrival enables prompt isolation and reduces the risk of spread.
